WHAT A COLUMBIA PAPER SAYS ABOUT MOVIE REPORT

To Be Shown in That City Friday Evening by George A. Pickens, State Secretary.

The Columbia Evening Missourian had the following in yesterday's paper about the Chamber of Commerce film which is to be shown in that city Friday night:

A unique method of presenting the annual report of the secretary of a chamber of comerce will be demonstrated here at the annual convention of the Missouri Commercial Secretaries' Association, which will be held in Columbia Friday and Saturday. The method was conceived and worked out by George A. Pickens, secretary of the Maryville Chamber of Commerce.

Mr. Pickens, who is also secretary and treasurer of the Missouri Commercial Secretaries' Association, felt that the most effective way to sum up the activities of the Maryville organization was to present the annual report in motion pictures, and he prepared a series of pictures covering practically every community improvement with which the Maryville Chamber of Commerce was connected during the past year. The film was shown for the first time in Maryville on Tuesday of last week and met with such success that it was decided to have the picture shown at the convention of the secretaries of the state in Columbia this week.

Movies At Annual Dinner.

The motion picture will be shown in connection with the annual dinner of the association, which will be held in the dinning room of the Daniel Boone Tavern Friday evening. Arrangements have been made whereby local business and professional men may attend the banquet.

SCHOOL BOARDS HAVE THE RIGHT

TO REDUCE LEVY ON ACCOUNT OF INCREASE VALUATION.

SENDS LETTER TO CLERKS

Boards Have Authority to Lower the Rate of Taxation Without Calling a Special Meeting.

Letters were being sent out today by County Superintendent Bert Cooper and County Clerk Fred Smith to the district school clerks in regard to the school boards reducing the levy. A letter had been sent out the first of the week calling upon each district school clerk to send in estimate of their budget so that the county clerk and county superintendent of schools could reduce the levy, but since that time a new ruling by the state superintendent has been made. The letter sent out today is as follows:

On April 18 a letter was sent you stating that the district clerks fill out an estimate giving the budget needed for next year's school and to send in the levy as voted at the annual meeting, and the county clerk and county superintendent would reduce it hereafter the valuations of the districts were worked out and fixed by the county court on May 1. This was in accordance with an old ruling of the state department as follows: "The county clerk and county superintendent should examine the rates carefully and should be guided by the amount necessary to maintain the school rather than by the rate estimated by the board for the reason that the board predicates the rate upon the valuation of the year previous.'

The state superintendent has made a new ruling this year that the school boards themselves shall reduce their levy to produce enough money. His exact words are as follows: "If the property is assessed at its real value, or if there is any considerable increase in valuation over that of last year, the school board has the right to lower the rate of taxation after the annual meeting without calling a special meeting. It does not have the right to raise the rate without a special election."

So please ignore the letter we sent you and wait until we send you the valuation of your district before making your estimate. Then call a board meeting and reduce the levy to meet the needs of your district for next year; specify the amount needed for teacher's salary, amount for incidentals and amount for building and bonds. If you have already sent in your estimate we will keep it here until we get the valuation of your district and then return the estimate for your board to reduce the levy as they deem best.

We shall be glad to render any assistance in making the estimates if the board desires it and will call upon us.

WANT 1000 ON CRADLE ROLL IN 1921

950 BABIES OF NODAWAY COUNTY MEMBERS SUNDAY SCHOOLS NOW

SUPT'S. WANT MORE

Children's Week Will Be Celebrated April 24 to May 1 To Interest Parents in Religious Education

1000 on the cradle roll is the goal set by Mrs. L. E. White, superintendent of the children's work for Nodeway County. At present there are 950 children on the roll in 57 schools. Next year Mrs. White wants a cradle roll in every one of the 57 Sunday Schools. The babies are wanted in the Sunday school and are as much needed as the older children in the beginners and primary departments, according to Mrs. White.

April 24 to May 1 was appointed children's week all over the state that the parents might be encouraged to get the little ones into the Sunday Schools and keep them there. Miss Harriet Edna Beard, state superintendent of children's work has sent letters to the county superintendents urging them to arrange programs for the week.

In a letter to Mrs. White, Miss Beard said, "I am delighted with the way the children's week is being promoted over the state. At least 60 counties have ordered literature. In Colorado every moving picture show house in the state will run a notice of children's week."

Maryville Sunday Schools, as well as others in the county, are planning programs of meetings, parties, and a parade for the little ones. The picture show at the First Christian Church Saturday afternoon will be especially for the children and their mothers. This will be followed by a parade of the children from the church to the Nodaway County courthouse. Sunday afternoon there will be a story hour at the Methodist church. Mrs. White is arranging to have pictures of the children taken after the parade.

Every one of the district superintendents is planning for a program in Nodaway County next week, Mrs. White says. The Sunday School folk want to get the babies in Sunday School as soon as possible that they may always have an interest in the church.

At the good roads meeting held yesterday afternoon, a committee composed of Emmett Bishop of Ravenwood, A. B. Dowden of Maryville, W. W. Alexander of Hopkins, Carl Wray of Guilford and R. M. Evans of Maryville was chosen to take charge of the county organiation and to assist Representative Jesse Miller in getting road legislation favorable for this county. Mr. Bishop will call the members of the committee together within a few days for the purpose of discussing steps for a county wide organization and any assistance they might be to Representative Miller, such as sending delegations to Jefferson City during the special session of the legislature in which road legislation is to be considered.

It was the sense of the meeting yesterday that Nodaway county is wanting her share of the 60 million dollar bond issue for bridges and well built dirt roads. She is opposed to hard surfaced highways running across the state.

The special session of the legislature to consider the road measures has not been called by Governor Hyde, but it is thought it will meet about the middle of May.

REPUBLICAN PAPER FLAYS "TURN-ABOUT"

New York Herald Makes Sharp and Caustic Attack on the Colombian Treaty.

The sharp and caustic attack on the Colombian treaty by the New York Herald, regarded as the warmest and strongest supporter of the Harding administration among the New York newspapers, created considerable anxiety among Republican leaders in the senate, for they took it as showing the deep rift in administration ranks that the insistence on the Colombian treaty ratification has brought about.

The editorial in part as taken from Tuesday's issue says:

That the treaty paying the central government of Colombia 25 million dollars by way of moral and pecuniary satisfaction for the cession of Panama in 1903 will be ratified by the senate of the United States and proclaimed by the President and that the payment of this money by Washington to Bogota will be made in consequence, the New York Herald has not now the slightest reason to doubt. The acceptance of that fact does not blur in this quarter the lively sense of amazement and indignation which the proposal inspires.

Calls the Deal "Blackmail."

Blackmail is an ugly word; one of the ugliest in the vocabulary of diplomatic action. We mention the word because it has been freely used for years in reference to this very transaction by some of the Republican senators who are at this time advocating the treaty and will vote for it when it comes to a vote.

The circumstances that a direct and formal apology to Colombia for an alleged wrong done to that government eighteen years ago by the Roosevelt administration is omitted from the instrument in its present version does not change in any respect the character of the business. "Conciliation" is as evasive a synonym for blackmail as "reparation." "Compensation to which we are morally bound," to employ Senator Knox's phrase, does not differ from a mulct in which the confession of shameful wrong is implicit. "Expediency," when it means the supposed purchase of good will and the supposed avoidance of hostile or predatory sentiment by means of a pecuniary consideration, must be measured in its statesmanship by the right or wrong of the unavowed motive.

For some reason not yet clearly disclosed President Harding has decided to put this treaty through tomorrow regardless of the honor or dishonor in history of his dead Republican predecessor's acts and policy in acquiring title to the canal zone. All the juggling with nouns in the senate chamber cannot alter the main fact. . . .

Can't Comprehend Lodge's Position.

This newspaper cannot comprehend the position of Senator Lodge, for example, who now advocates the payment to Colombia invited by Pres. Harding; the same payment, which, when proposed by Wilson, was denounced as blackmail and as insulting to Roosevelt, and of which Mr. Lodge even now remarks: "I am frank to say that I consider the amount too great."

We cannot comprehend the position of Senator Knox, with his learned and elaborate arguments as to the moral obligation to pay Colombia "not for what she lost, but for what she gained."

Such, unquestionably, is not the statesmanship of justice. If it is the statesmanship of expediency at the expense of Roosevelt's fame for honest dealing, the New York Herald is by no means prepared to believe that the implied confession and attempted pur-

The Story of Our States

By JONATHAN BRACE

XXVI.—MICHIGAN

THE French missionaries and fur traders were the first whites to penetrate into Michigan. Their first visits to this region date back to 1610. It was not until 1668 however, that the first actual settlement was made. This was the mission at Sault Sainte Marie, founded by Father Marquette. Mackinac was established a few years later, and Detroit's growth was slow. After the French and Indian wars the English took over this territory, and in 1774 it was formally declared a part of Canada. Detroit rapidly grew in importance and during the Revolution was the base of operations for many raids by the British and Indians against the Americans.

By the terms of the treaty of Paris in 1783 this region became a part of the United States. What is now Michigan, Wisconsin, a part of Minnesota, Illinois, Indiana and Ohio was known as the Northwest territory. After Ohio was set off as a separate state the Lower Peninsula of Michigan was joined to Indiana territory. In 1805 Michigan became a separate territory with about its present boundaries. There was, however, a great dispute over a small strip of land in the extreme southern portion which was claimed by Ohio. This almost led to bloodshed, but was finally settled by Michigan releasing her claim to the disputed area and receiving as compensation an addition to the Upper Peninsula. On this basis Michigan was admitted to the Union in 1837 and became the twenty-sixth state.

Michigan has a unique situation, as it is bounded by the three largest of the Great Lakes, and divided into two peninsulas. This gives it a coast line larger in proportion to its area than any of the other states. It is named after Lake Michigan, which is the Algonquin word, "Michi-gan," meaning "great sea." It is entitled to 15 votes in the electoral college.

chase of friendship will have the effect upon Latin American sentiment which the promoters of the experiment profess to expect.

Whatever happens tomorrow or afterwards, the responsibility for railroading this treaty through will rest upon the Republican White House and the Republican Senate.

FIFTY YEARS AGO TODAY

(Taken from the Nodaway Democrat of Wednesday, April 19)

The fall wheat south of us is said to look more promising than for many years.

Judge I. K. Alderman was busy all week in attending to Probate matter. Our Probate Court is getting to be one of importance, and Judge Alderman is trying his best to make a good judge, and is succeeding remarkably well. He is getting some system into the office, which it has long needed.

Lafe Dawson made a railroad speech last Saturday, at Lamar station. He thinks Lincoln good for more than the two-thirds majority.

The Real Estate card of Dr. B. G. Ford will be found in our paper today. He occupies a nice office just west of the office of this paper; and judging from the fact that he has had much experience in the business, and has a large amount of fine North Missouri lands for sale, we venture to say that he will be kept busy.

On tomorrow, the 20th, the burial lots at Oak Hill Cemetery will be sold at auction. The sale will take place at the grounds and no doubt be well attended, as the terms are very reasonable.

The town Board has designated Thursday, the 27th inst., as the day for holding the town election. Those who desire to serve the "dear people" will only have a short time for buncomb speeches, bonfires and torchlight processions.

A. T. Bleyly of Conception was in last week to get the tickets for the railroad proposition. He thinks there is no doubt but what Jefferson township will poll a handsome majority for the railroad.

G. O. P. STEAMROLLER FLATTENS DEMOCRATS

Republican Senators Grab Extra Member On Each Committee Over Reed's Protest.

Washington, April 20.—The Republican majority in the Senate yesterday put through its program of reorganizing committees by giving the Republicans an extra place on each of the 10 major committees.

By a straight party vote, 44 to 25, the Republicans changed the rules, after several days of controversy with the Democrats, who charged that an unfair proportion of committee representation was being "grabbed" by the majority.

Discussion of "steam roller" tactics entered into the partisan squabble. On the eve of a vote on the Republican rule, Senator Brandegee, Republican, Connecticut, in charge of the majority program, denied that the Democrats were being treated unfairly or had cause for complaint.

"Criticisms are purely professional," said Senator Brandegee. "The Republicans are responsible to the country for legislation and must have control of committees. That's not tyranny; that's representative Government—the rule of the majority. The steam roller is about to start.

"Senator Reed, Democrat, Missouri, took sharp exception to the "steam roller" suggestion.

"Steam rollerism defiles the lips of a Senator," said Reed. "It means abuse of power, denial of rights."

That the subject was "disgraceful," if meant seriously, was asserted by Senator Reed, who said that he understood Senator Brandegee's reference to be humorous. Senator Brandegee responded that he meant "majority rule."

Action of the Republicans in Amending the Senate rules to give the majority nine members and the minority six on each committee, was denounced by Senator Reed as an "intolerant and arbitrary exercise of power." He declared that eventually it would react upon the "progressive Republicans."

"You will tie yourselves prisoners to to the chariot wheels of the dominant element of your party," said Senator Reed in addressing the progressives. Senator Williams, Democrat, Mississippi, also predicted that the progressives would lose under the new plan and suggested that a union of the Democrats with a minority of the Republicans might control some affairs in the Senate.

DEBATE ON TIMELY TOPIC AT CONCEPTION APRIL 24

Citizens of Jefferson Township to Debate Question to be Up Before People at Fall Election.

Since Missouri will vote next August on the question whether or not to give women all the political rights of men besides the federal suffrage which they have already; and since an agitation is slowly spreading all over the states to deprive women even of the latter, a number of citizens of Jefferson township, Nodaway county, Mo., considered it very opportune and most interesting to make the question the subject of a debate in the following form: "Resolved, That our women should be deprived of the right to vote and should not be permitted to mix up in purely political affairs." Affirmative: James Lynch, James Allen and A. Ruggle. Negative: Mrs. C. Pfeiffer, Miss Marie McCann and Miss Roseann Meyer, all of Jefferson township.

Dr. Fred Reily of Clyde will be the chairman of the debate. Thankful He Was Not a Woman.

The late Lawson Tait, of England, the great woman's doctor, said he never went to bed at night without thanking heaven he was not born a woman. No doctor ever knew better than he what women have to suffer at some times of their lives. It was an American woman, long since passed to her reward, who introduced a combination of roots and herbs called Lydia E. Pinkham's Vegetable Compound, that has proved wonderfully successful in mitigating suffering and relieving diseases of women. It has brought relief to thousands of women who suffered from female ills.—Adv.

Other officers elected were Mrs. F. S. King, first vice president; Mrs. M. A. Peery, second vice-chairman; Mrs. C. F. Remus, recording secretary; Mrs. J. F. Hull, corresponding secretary; Mrs. Dan R. Baker, treasurer; Mrs. C. C. Leeson, custodian; Mrs. C. H. Coe, auditor. A Music and Literature department was organized which embraces the old Shakespeare department. The officers for this department were elected yesterday and are: Chairman, Mrs. H. C. Todd; vice-chairman, Mrs. C. C. Leeson; secretary and treasurer, Mrs. C. C. Hellmers. The hostesses for the meeting yesterday were Mrs. C. C. Hellmers, Mrs. Gallatin Craig, Mrs. A. A. Brewer, Mrs. Roy Curfman, Mrs. J. F. Hull, Mrs. H. R. Juvenal, Mrs. F. S. King, Mrs. C. C. Leeson, Mrs. W. W. Randall, Mrs. C. G. Stiensmeyer, Mrs. T. H. Leet, Mrs. Fleming Carpenter, Miss Mary Guinn and Miss Theresa Hunt. Following the luncheon, the business session was held and Mrs. Fred Bellows was received into the club as a new member. Mrs. W. O. Garrett was elected delegate to the ninth semi-biennial convention of the Missouri Federation of Women's clubs which will be held at Springfield May 10 to 13. It was also voted to give $10 to the endowment fund of the Missouri Federation of Women's clubs. The installation of the officers elected will take place at the next meeting, which will be held in the form of a luncheon on May 26, at the home of Mrs. W. C. Pierce on North Main street. As the closing number of the program, Mrs. Anderson Craig read a short poem written by herself, and presented the outgoing president, Mrs. C. C. Hellmers, with a gift. The poem is as follows:

I have heard it said, and it may be right,
That blessings frighten when taking their flight,
There's one thing certain, we very well know,
We cherish most blessings when they're ready to go.
We realize surely it grieves me to state,
We appreciate often when it is all too late.
In one case, however, I happen to know,
You'll join me in saying, that this is not so,
One blessing, we mention, enjoyed the past year
Has brightened the pathway of all gathered here,
Has shed rays effulgent, while passing along,
And filled many hearts with music and song,
Has given of talent of time and of brain
Has cheered drooping spirits again and again.
We all have enjoyed nor waited for flight,
A blessing whose presence sheds knowlege and light,
The person you all know, her name is unspoken,
We members now gladly present with this token.
Of friendship and love as to few mortals given
May the smoke of each incense mount up to high heaven,
May its perfumes engendered be lasting and true
As your dear friends now gathered, present this to you
May it sweetly remind you of this pleasant day
When loved ones surround you their homage to pay.
Remember ever, even unto the end
There's nothing more precious than a true hearted friend.

DEMANDS REVISION OF VERSAILLES TREATY.

London, April 20. — A manifesto signed by notable Europeans including George Bernard Shaw, Israel Zangwill and Lord Parmoor, made public today demands the revision of the Versailles treaty along lines of Wilson's fourteen points. The manifesto charges that the treaty was dictated by factors in the world war, that it failed to secure frank and public diplomacy and that it has done nothing to prevent Central Europe drifting into famine and revolution.

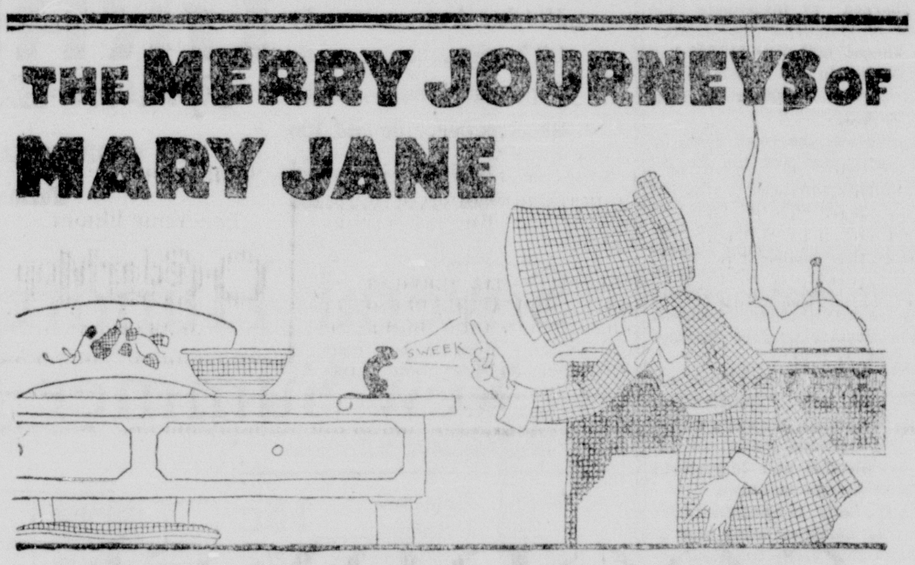
THE MERRY JOURNEYS OF MARY JANE



"Why can't you behave yourself?" Mary Jane asked Tommy Tippetoe

Mary Jane and Tommy Tippetoe—the Mouse

TOMMY TIPPETOE was a little brown mouse that lived behind the wall of the kitchen cupboard in Mary Jane's house. Mary Jane's mother scolded Tommy Tippetoe often, especially when he would eat a big piece out of the cake, or nibble the cheese. But he always kept coming around.

One day Mary Jane's mother said to Tommie Tippetoe; "Now, listen to me. You and I are going to be very bad friends if you don't turn over a new leaf, and quit bothering folks. Why can't you behave yourself?"

Tommy got pretty red in the face, and he curled his tail up. But finally he said, "I'll tell you what I'll do. You give me a can of that delicious Mary Jane Syrup, all for myself, and I'll take it away out in the woods, and won't ever bother you again."

And Mary Jane's Mother did, and he went away. So everybody is happy now. And they have Mary Jane Syrup with their waffles, pancakes and corn bread and bread and butter every day.

And sometimes Mary Jane and the girls have the greatest fun making taffy, and the most delicious candy you ever tasted with Mary Jane Syrup.

ALLEGES $10,000 HAD BEEN EXPENDED IN ELECTION

Investigation Was Proposed But Voted Down As He Was A Republican Representative.

Something happened in the National House of Representatives last Monday the significance of which is too important to be allowed to go unheeded.

When Richard Bird, Representative-elect from the State of Kansas presented himself before the Speaker to be sworn in, Representative Flood of Virginia offered a resolution that the question of his eligibility to a seat be determined by a committee of the House charged to investigate his statement of campaign expenditure it being alleged that over $10,000 had been expended in his behalf to insure his election. $5,000 is the limit allowed by law.

The resolution was voted down by a strict party vote and the Republican Representative from Kansas was sworn in despite the fact that he had violated the law of the land by condoning if not actually approving an expenditure 100 per cent in excess of the amount a candidate for Congress may ligitimately expend under the Federal Corrupt Practice Act (37 Stat. L 360).

It was perfectly obvious that Mr Bird had not only "constructive" knowlege but actual knowlege of the detailed expenditures made in behalf of his election and duly sworn to by his campaign manager.

Surely the only conclusion which in logic and common sense can be drawn from this very significant incident, occurring as it did on the first day of the new Administration, is that, flushed with victory at the polls, drunk with power, the Majority Party in Congress has decided to ride rough-shod over the Minority regardless of the merits of the issues involved and apparently careless of the consequences either to the Country or to themselves.

WOOD WILL FIND BITTER ANTI-AMERICAN FEELING

Party Enroute For Phillipines To Stop At Shanghai Tomorrow For Stay.

Tokio, April 20.—When Leonard Wood and his party enroute for the Phillipines reach Shanghai tomorrow aboard the liner Wenatchee they will find bitter anti-American feeling existing as a result of the Yap diplomatic correspondence. Official silence continues in the foreign office. Former General Sato, author of "If America and Japan Fight" is conducting an active service campaign from the lecture platform against disarmament propaganda. "It would be the heighth of folly for Japan to rely upon weakened Britian and France. The Yap issue must be settled through direct negotiations with America. "Japan does not necessarily like war but she must use her ability against persecution when her cause is righteous" is the comment of Niro-Ku, Japanese press member.

MINT BEGINS COINING SILVER DOLLARS AGAIN.

Denver, April 20.—The American "cart wheel" is coming back. The government officials announced today the coining of silver dollars begins next week in an effort to replace for circulation two hundred million dollars withdrawn during the war and melted down in a shipment to India. It is the first time the local mint ever made large coins.
